PROJECT UPDATE

The I-70 Phase 2D project is in its 17th month of design and 12th month of construction.

Construction activities completed last month included driving foundation beams for bridge pier and installation of erosion & installation of Washington Gas relocation along I-70 EB on ramp

Construction activities scheduled for this month include construction of EB Pier and installation of storm drain along I-70 EB. Blasting operations along I-70 EB will also commence to allow installation of storm drain.

Construction activities for next month include earth hauling from I-70 EB to fills along new slopes of the widened I-70

For everyone's safety, please drive carefully, stay alert and reduce speed when traveling within the project work zone.

WE REQUEST THAT THE PUBLIC NOT TRESPASS IN CONSTRUCTION AREAS.
